Dear Parents

MOBILE PHONES

We have many questions from parents regarding their son's use of a mobile phone in School on a regular basis, to be used for reasons of health, safety and family sanity. If your son brings his phone to school he must either keep it in his locker turned off, or deposit it with the school secretary for safe keeping. Please be advised that the school property insurance does not cover student mobile phones.

I am quite happy for him to bring his phone to school as long as it is for the purposes above but must stress that if the phone is used other than for communicating urgent and important messages to yourselves he will lose the right to bring his phone into school for the next half term, as well as face suspension.

I would be grateful if you would complete the attached slip and return it to us so that details of the telephone can be kept on our files.

Yours sincerely

John Rayer

Headmaster

✂-----

I would like my son to bring his mobile phone into school to be used for the reasons stated above.

I understand that the school does not take responsibility for loss of, damage to, or misuse of equipment such as mobile phones.
