Academic Day Trips

At Claires Court we place great value in the trips programme offered. School trips are essential for a number of reasons: they allow our pupils to build life skills that can be used within the school environment but most importantly prepare them for an independent life beyond the classroom.

Some of the life skills gained from trips are:

- Cultural awareness
- Build confidence & resilience
- Social interaction
- Learning reinforcement & consolidation
- Experiential learning
- Discovery
- Lifelong experiences
- Critical thinking
- Expanded worldview

Your Journey starts here with trips to.....
