

NURSERY Words

25 April 2025 (Summer Term Week 1)

Principal's Blog

Read Mr Wilding's blog: ["Diversity in the Curriculum Matters"](#)

This week the children have been learning about how to recycle and the importance of it. There have been some wonderful books aimed at this age group and they have enjoyed hearing these. What has also been amazing, are the number of questions which the children have asked about looking after our planet

They have made their own paper from old paper used in the nursery, they have been given various types of rubbish items and asked to sort them and they have made toys and items from old materials we have had around the nursery: a rainbow stick, a ball and cup toy and other things.

Outside, we discussed saving water and they were shown the pipes and gutters on buildings and what their uses were. Pipes of varying sizes and shapes were then given to them to explore and I gave them the challenge of joining the pipes and making the water flow through and into the container at the bottom. The challenge was that the pipe was going up and water couldn't flow. With some discussions between them and some manoeuvring, they achieved the right outcome.

Forest School

The children had their first session of the Summer term and what a wonderful morning they had in the sun. No suits, gloves or woolly hats needed!

Mr P had sent them the task of a scavenger hunt. With clipboards and pens in hand, they set off to complete their task.

Bumble Bees have continued exploring the farm and the baby animals which can be found.

Next week..

Bumble Bees - The Great outdoors

Busy Bees/Beehive - Weather and our environment.
